

## Pediatric Use of Stimulants and Antidepressants

**Instructor:** Dr. Polina Kalmanovich, PharmD, MS Reg Science

**Title:** Pediatric Use of Stimulants and Antidepressants

**BCBA CEs:** 2 general CEUs

**QABA CEs:** 2 general CEUs

### **Course Overview:**

This self-paced online course is designed to provide healthcare professionals, including BCBAs, with foundational knowledge on the use of stimulants and antidepressants in pediatric populations. Topics include psychiatric disorders, mechanisms of action for common medications, treatment considerations, and key safety issues. The course incorporates engaging activities to enhance understanding and practical application of the material.

### **Presenter/Speaker:**

Dr. Polina Kalmanovich is a highly experienced professional in regulatory science and healthcare. With a rich background in pharmaceuticals and global program management, Dr. Kalmanovich brings her expertise to this course to help participants understand the complexities of stimulant and antidepressant use in children.

### **Course Objectives:**

By the end of this course, participants will be able to:

- Identify common pediatric psychiatric disorders.
- Differentiate between stimulant and antidepressant medications.
- Understand the mechanisms of action and safety considerations for these medications.
- Analyze case studies to apply knowledge in practical scenarios.

### **Course Structure:**

Instructional Video

Duration: 1 hour

Content: Overview of pediatric psychiatric disorders, classes of stimulant and antidepressant medications, and safety considerations.

Summary Questions

Duration: 20 questions

Content: Multiple choice, fill-in-the-blank, and true/false questions summarizing key points.

Case Study Activity

Duration: Fill-in-the-blank exercise

Content: Based on a real-world case study to reinforce application of knowledge.

Quiz

Duration: 10 questions

Content: Multiple choice assessment to evaluate comprehension of course material.

### **Grading and Certification:**

Completion Requirements:

- Watch the instructional video.
- Complete all summary questions.
- Pass the quiz with a score of 80% or higher.

Certification: Participants who meet the requirements will receive 2 BCBA Learning CEUs.

### **Time Commitment:**

Total Duration: Approximately 2 hours

Instructional Video: 1 hour

Activities: 1 hour (summary questions, case study, and quiz)

### **Technical Requirements:**

Reliable internet connection.

Access to the course platform.

Ability to view video content and complete online quizzes.
